(For testing supplies, see "Prescription Drug Coverage.")
- Self-management training and education

50% of allowed charges

\$30/visit

Urgent care outside service area (BlueCard® Program)

\$50/visit

Optional benefits¹

Optional dental, vision, chiropractic, chiropractic and acupuncture, or infertility benefit is available. If your employer purchased any of these benefits, a description of the benefit is provided separately.

1 Copayments marked with a (1) do not accrue to the calendar-year copayment maximum. Copayments and charges for services not accruing to the member's calendar-year copayment maximum continue to be the member's responsibility after the calendar-year copayment maximum is reached. Please refer to the *Evidence of Coverage* and the plan contract for exact terms and conditions of coverage.

2 To use this option, members must select a Personal Physician who is affiliated with a medical group or IPA that is an Access+ provider group, which offers the Access+ Specialist feature. Members should then select a specialist within that medical group or IPA. Access+ Specialist visits for mental health or substance abuse services must be provided by a MHSA network participating provider. Access+ Specialist visits for mental health services for non-severe mental illness, or non-serious emotional disturbances of a child or substance abuse will accrue toward the 20 visit per calendar year maximum.

3 Participating ambulatory surgery centers may not be available in all areas. Regardless of their availability, you can obtain outpatient surgery services from a hospital or an ambulatory surgery center affiliated with a hospital, with payment according to your health plan's hospital services benefits.

4 Skilled nursing services are limited to 100 days during a calendar year except when received through a hospice program provided by a participating hospice agency. This 100-day maximum on skilled nursing services is a combined maximum between SNF in a hospital unit and skilled nursing facilities.

5 If the member requests a brand-name drug and a generic drug equivalent is available, the member is responsible for paying the difference between the cost to Blue Shield of California for the brand-name drug and its generic drug equivalent, as well as the applicable generic drug copayment. Home self-administered injectable drugs are covered only when dispensed by select participating pharmacies in the Specialty Pharmacy Network. Drugs from non-participating pharmacies are not covered except in emergency and urgent situations. Non-Formulary Brand Name drugs are not covered unless prior authorization is obtained from Blue Shield. Please note that if you switch from another plan, your prescription drug deductible credit from the previous plan during the calendar year, if applicable, will not carry forward to your new plan.

6 This plan's prescription drug coverage is on average equivalent to or better than the standard benefit set by the federal government for Medicare Part D (also called "creditable" coverage). Since this plan's prescription drug coverage is creditable, you do not have to enroll in Medicare Part D while you maintain this coverage; however, you should be aware that if you have a subsequent break in this coverage of 63 days or more before enrolling in Medicare Part D you could be subject to payment of higher Medicare Part D premiums.

7 Mental health and chemical dependency services, other than medical acute detoxification, are accessed through Blue Shield's Mental Health Services Administrator (MHSA) – using Blue Shield's MHSA participating providers. Services for medical acute detoxification are accessed through Blue Shield using Blue Shield HMO providers. For a listing of severe mental illnesses, including serious emotional disturbances of a child, and other benefit details, please refer to the *Evidence of Coverage* or plan contract.

8 Copayment waived when procedure is performed in conjunction with delivery or abdominal surgery.

9 Copayment shown is for physician's services. If the procedure is performed in a facility setting (hospital or outpatient surgery center), an additional facility copayment may apply.

10 **Optional inpatient substance abuse treatment benefits are available. If your employer purchased these benefits, a description of the benefit is attached hereto as "Additional Substance Abuse Treatment Benefits".**

Plan designs may be modified to ensure compliance with state and federal requirements.
